

# EUROPERIO 7

June 6 – 9, 2012  
Vienna, Austria

You've got mail from Europerio 7 on February 2, 2012

## Isn't it great?

Dear colleagues and friends,

The year 2012 is only four weeks old and we already know that it is going to be a fantastic one!

All necessary prerequisites are there:

- 366 days to fulfil one's New Year's resolutions
- 104 days of weekend
- 1464 minutes to brush one's teeth (very important)
- and last but not least:  
4 days of high class learning and networking in Vienna during Europerio 7!

Have you already registered for it? No?

Find all information on Europerio 7 on the slightly redesigned conference website [www.europerio7.com](http://www.europerio7.com) and don't forget to read the interview with **Dr. William Giannobile**. More information in the box below.

Best regards from Vienna,  
Your Europerio 7 Organising Team

P.S. Don't miss the **Early Bird Registration Deadline** on **Monday, February 27, 2012**

## Clear Opinion

Dr. William Giannobile, Director of the Michigan Center for Oral Health Research, speaks during Europerio 7 about **Gene delivery and novel biomaterials**.

He already now gives some interesting insights in his interview, to be found on the conference website by clicking on below link.

[www.europerio7.com/attend.php](http://www.europerio7.com/attend.php)

## Good Cause

Start your conference day with lungs full of fresh air and participate at the **ÖGP charity run or walk** organized in the framework of Europerio 7. The participation fee of EUR 15,- is a **donation** to an Austrian charity project, providing homeless people with dental and medical care. More information on [www.europerio7.com](http://www.europerio7.com) under 'ÖGP Charity Run'

## Great Impressions

Take part in a **virtual tour through Vienna** offered to you by the Vienna tourist office.

Just click on below link, upload a picture and be guided virtually through Vienna.

It is a great sneak preview to what's going to await you in June 2012 and... ... it's FUN!
